A MESSAGE FROM THE SHOW SECRETARY

Following the great success of our 2019 show with entries up by over 40% we have decided to make some major changes to the horticultural classes to remove duplications, while at the same time, to be able to add some more classes.

We have decided that there is nothing to be gained by having "Villagers Only" sections in vegetables and flowers. Vegetables will therefore become one section with 30 classes including five brand new classes. Likewise, Flowers will also become one section with 32 classes.

In addition, we have added two new classes to Preserves/Non-Preserves, one new class to Cookery, one new class to Homemade Beverages and two new classes to Handicrafts. Last year's new Imposed class in Floral Art is included again by popular demand. Unfortunately, we have decided to remove the Section for Eggs due to very limited entries. To replace this section, we are adding a new section 'M' - with three classes, which are Horticultural but, due to RHS constraints, cannot be included in the Flower Section.

The first of these classes is Best Hanging Basket in Broadway visible from a kerbside. The second is Best

Front Garden in Broadway again visible from a kerbside. The final new class is for Best flowering/foliage plant in the most imaginative recycled container. Full details for these classes see later in the schedule under section M.

I would like to thank The Broadway Magazine for offering 2 prizes. The winner of best photograph in show and the winner of Children's class L10 will both feature in future issues of The Broadway magazine.

Show day morning always proves very busy, especially with our increased entries. For this reason, you will also be able to bring your entries to the marquees on Friday 10th September between 6pm and 8pm. We have a security guard overnight, however we would suggest that no entries are brought down on Friday that may be affected by the damp or by drips. Also, no entries for the Cookery Section until Saturday morning.

I would also like to thank everyone who helped out at our 2019 show. If anyone would like to volunteer to help this year please contact Jayne.

Yours sincerely,
Phil Insley

ADVICE FOR EXHIBITORS

*Below is a list of hints and tips aimed at assisting exhibitors.
If you require further advice regarding staging exhibits or have a question on any Class
PLEASE telephone or email the Show Secretary who will endeavour to help.*

GENERAL

- Ensure you read the Show Rules and the Specific Section / Class rules before entering an Exhibit.
- Ensure that your Entry Form is clearly marked, that your name and address are legible and that the Form reaches the Secretary on the appointed day or earlier if possible.
- Allow Plenty of time to Stage your Exhibit(s). Marquee emptied at 10.00am for judging.
- Ensure that the Class cards (one per exhibit) are correct and placed with the Exhibit, name side down. (Cards are given out at the entrance to the Marquee).
- Ensure that all sizes, shapes, heights, colours etc that are mentioned in your specific classes are complied with as the Judge will not look at exhibits deemed to be 'Not According to Schedule' (NAS). Pot size is the inside measurement as close to the top as possible.
- Name varieties of fruit, vegetables and flowers where known as Judges may take this into consideration.
- A Vase is a vessel for displaying cut flowers in water. As no vases are provided by the Show Society, this can be any container that fulfils the function of a vase and conforms to the definition previously given. No account should be taken of the container when Judging the material shown in it. (R.H.S. Definition)

FRUIT & VEGETABLE CLASSES

- Fruit should be picked with the stalks attached and grapes should be a complete bunch with a piece of lateral shoot on either side ('T' shape).
- DO NOT polish fruit but leave so that natural bloom is not spoiled.
- Root Vegetables (beetroot, carrots, parsnips) must have leaves cut so that approx 3" of leaf stalk remains, which should be neatly tied.
- Onions - do not over skin, should have the tops tied with uncoloured raffia and roots neatly trimmed back to the basal plate
- Cucumbers should be matched and of a good, fresh green colour. Flower should be completely developed but it is not necessary that the flowers remain attached.
- Shallots - roots should be cut off to the basal plate and the tops neatly tied or whipped with uncoloured raffia. Stage on dry sand or similar material on a plate or plant saucer.
- Squash - stalk should be retained.
- All exhibits in a class should be the same variety or cultivar unless otherwise stated.

FLOWERS

- Remove any damaged flowers together with discoloured or broken leaves
- Cut a portion from the stem to assist water uptake ensuring that the length of stem is proportionate for the vase or container.
- Name flower / plant variety on a card (write these out at home to save time when staging).

SHOW DAY

When staging exhibits ~ if you experience problems or need advice then please speak to a Steward or the Show Secretary who will assist. Please DO NOT move or rearrange other exhibitors' exhibits, wait for the Secretary or Steward who will make space available.

Double Orange Cake

A lovely light sponge cake that is always popular with the family – young and old – and is especially good on the day it is made.

Ingredients

6oz (175g) soft margarine
6oz (175g) caster sugar
3 eggs
6oz (175g) self-raising flour
1½ teaspoons baking powder
grated rind and juice of 1 large orange

To Finish

About 2 tablespoons apricot jam
4oz (100g) icing sugar
Finely shredded rind and juice ½ orange

Method

1. Pre-heat oven to 180°C/350°F/Gas 4. Lightly grease and base line an 8" (20cm) deep round cake tin with greased greaseproof paper.
2. Measure all the ingredients for the cake into a large bowl and beat well until thoroughly blended. Turn into the prepared cake tin and level the surface.
3. Bake in the pre-heated oven for about 35 minutes until well risen and springy to the touch. Turn out onto a cooling rack and leave to cool.
4. Measure the apricot jam into a small pan and gently warm through. Brush over the top of the cake. Sift the icing sugar into a bowl and mix in the orange juice. Pour over the top of the cake and gently spread out with a small palette or round bladed knife.
5. Leave to set and then decorate with fine shreds of orange rind.

Odd as I am sure it will appear to some, I can think of no better form of personal involvement in the cure of the environment than that of gardening. A person who is growing a garden, if he is growing it organically, is improving a piece of the world. He is producing something to eat, which makes him somewhat independent of the grocery business, but he is also enlarging, for himself, the meaning of food and the pleasure of eating. *Wendell Berry*
